

## IMPORTANT INFORMATION FOR TERM 3

- ❖ We encourage you to keep in touch, early communication is the key. So it is very important that we receive the completed term leave form on or before the beginning of term. Sharon or I need to be informed of any additional requirements or changes to the form by 5pm Monday of the relevant week.
- ❖ When coming on site to Poto House, we need to know you are here for Health and Safety reasons. Please ensure you come to the office or call the duty phone upon arrival.
- ❖ Because we have so much unclaimed clothing and bedding building up in the laundry and taking up much needed space, we will only hold onto unclaimed items for two weeks then they will be given away to an organisation like the Salvation Army. So, please ensure all your child's clothing and bedding items are clearly labelled.
- ❖ The holding of any medication by boarders is not permitted. Please notify management if your child is in possession of any. All medication including analgesics must be handed into Hostel office and we will administer the medication when required.
- ❖ Reminder - Please do not send your child/ren to Hostel if they are not 100% well.

### Vaping

It is an offence to sell nicotine vaping products to young people aged under 18. For the majority of our boarders here at Poto College House it is illegal for them to purchase vapes.

Under our Smokefree Environment Policy 'Students are not permitted to smoke any form of tobacco or vaping device while in Poto College House care'. If caught smoking and/or in possession of any such items, actions as per Disciplinary Policy will apply'.

We have a Duty of Care to ensure the well-being of all our boarders and we take this role seriously.

Please talk with your child/ren of the risks of vaping.
